Who Steer Your Direction **Globally**

3E Accounting International Network-Overview

3E Accounting International Network is an international accounting network with **highly credentialed reputation** and **professional background**.

Started with the noble idea to provide services to more people, 3E Accounting International Network is now a dynamic global accountancy network of independent firms specialising in the provision of accounting, audit, tax, business advisory as well as company incorporation.

80
countries

A Dynamic Global Accountancy Network of Independent Firms

Currently operating with member firms across more than thirty over countries, our network's global footprint is expanding at an incredible rate. Our international network has mapped out solutions that are primarily designed to support small and medium-sized enterprises and multinational-corporation, with existing or planned international operations.

Our Mission

We offer the best end-to-end service with the "Three E's" concept services to our clients:

**Efficiency, Effectiveness and
Economical**

116
offices

Our Vision

The World's leading corporate service provider, offering services **beyond excellence.**

1450
staff

Our Team

Global Support

We are always just a phone call away from exactly where our experts are located and where the expertise are required, whichever corner of the world the question concerns.

For obvious reasons, our closest collaborators are found in our neighbouring countries and the rest of the world, stretches from the Americas in the west to Asia in the east. That means local **resources backed by a truly global network**

– no matter where you do business.

Whatever the task, our international network is a great asset.

One-stop Solution

A Global Accounting Network in

6 Continents

Why Us

Outstanding Services

Member firms of 3E Accounting International Network are all independently owned and share an entrepreneurial approach to service their clients. The things we have in common are the shared commitment to provide the highest levels of expertise and professional standards. Clients have the privilege to access to **quality assured experts across the world**, through a single point of contact.

Professional Standards

Tailored Solutions

Highest Levels Of Expertise

To us, clients matters. We see that every client is unique and thus our **cost-effective solutions** are **customised to meet their business needs**. Whether they require an end-to-end business solutions or a once-off specialist service, 3E Accounting International Network can provide exactly what they need, helping them to map out their business success.

Professional Network

Business Success

We are a global professional network with network members who specialise in **meeting clients' specific requirements**:

Strong Professional Background

- They are professionals with ethical standards
 - They are in good standing within the requirements in their region
 - They are each a member of their relevant local professional accountancy institute
-

Effective one-stop solution provider

- They are each a one-stop solution centre for their clients
 - They gave their commitment to provide superior client services
-
